

J P Systems, Inc Healthcare IT

Founded in 1983 we specialize in large Federal Healthcare IT systems, data requirements analysis, data quality improvement, clinical business analysis, data standards development, HL7 consulting and business architecture. We support all aspects of the clinical terminology life cycle for the Dept. of Veteran Affairs VHA under a single award IDIQ with a ceiling of 100 m. For HHS Office of the National Coordinator for Health Information Technology (ONC), we facilitate stakeholder collaboration, perform data and process modeling in UML, data and enterprise architecture, and IT strategy and policy support for the Federal Health Architecture.
